WHAT ARE HOC TICKETED EVENTS?

The Host Organizing Committee at every Rotary International Convention put on a number of events beyond the Convention Sessions. These events give Rotarians a chance to experience the culture and diversity of the host city and also engage in fellowship with members from around the world.

WHY SHOULD I GO TO AN EVENT?

The success of every Rotary Convention depends upon a vibrant and successful team of organizers and volunteers. Although everyone is a volunteer, there are associated costs. Ticketed Events are one way in which the HOC can recover a portion of those cost. Through your purchase of event tickets you ensure that a convention has a strong HOC and that will ensure that it will be a great convention. Plus you will have a great time!

HOW CAN I BUY TICKETS?

Just go to rotary2018.org click on events and pick the events that you would like to attend.
